"All grand prize winning plays are subject to verification by Odds On Promotions whose decisions are final and binding."

"A contestant is not a winner of a grand prize, even if the visual display or prize receipt should so indicate, unless the odds established by the intended parameters of the promotion are beaten, as solely determined by the random number generator and memory logs of the promotion software, and the winning play did not occur as a result of any other scenario including but not limited to human error, software error, or machine malfunction."

"Current or former employees, family members, agents, successors, or assignees of Hamburg Gaming or any promotional agency involved with this promotion shall be ineligible to participate and/or claim any reimbursable prize within."

"Names and likenesses of promotion winner(s) may be used by Hamburg Gaming and Odds On Promotions for promotional purposes without further compensation."

All conditions defined in A-2 above are hereby also conditions of this contract between OOP and Client.

DURING PROMOTION

A Client Representative must supervise the event and is responsible for the contestants understanding of the terms of this promotion.

Winning the Rock Paper Scissors' Head to Head portion of the promotion 2 out of 3 times and then picking a trophy on the game screen will constitute a play.

In order to qualify for insured prize reimbursement, an eligible contestant must select a "trophy" on the game screen and achieve a grand prize win as solely determined by the two (2) independent Random Number Generators (RNGs) contained within the Rock Paper Scissors

software generating the same number within the programmed odds range of numbers, OOP will reimburse the grand prize specified on the contract.

NOTE: The RNG and memory logs of the Rock Paper Scissors software are the sole determiners of whether or not a contestant is an insured grand prize winner. Neither the visual/graphic display, audio output, nor the prize receipt will be considered in determining an insured grand prize winner.

Schedule of prize awards:

Insured Grand Prize Description	Max Aggregate Insured Grand Prize Limit	Programmed Odds
\$100,000.00	One (1) Winner (\$100,000.00)	25,000,000 to 1

IMPORTANT: In the event of a play resulting in an apparent insured grand prize winner (“\$100,000 Grand Prize Winner” revealed), a promotion official must: (a) secure the eGameBoard preventing additional play; (b) take a minimum of three (3) photographs showing the “\$100,000 Grand Prize Winner” with the winning contestant standing next to the game eGameBoard; and (c) immediately contact Chris Gardiner at 401-743-8757 for the prize verification requirements and insured prize reset procedure (if applicable). Failure to execute either of these conditions will result in a claim being denied.

OOP is not responsible for any prize reimbursement resulting from configuration error or software, hardware, or machine malfunction.

TAMPERING WITH THE ROCK PAPER SCISSORS SOFTWARE OR THE eGameBoard IS STRICTLY PROHIBITED. Evidence of any act or submission that changes the odds or functionality of the Rock Paper Scissors software or eGameBoard will cause a claim to be denied.
